

Importing Course Content in D2L

1. In D2L, select the course you intend to export.
2. Select **Content** on the Navigation bar.

Select
Content

3. Within Content, select **Import/Export**.

Select
Import/Export

4. Select **Copy Components** and then click **Search for Offering**.

Select **Copy Components**

Click **Search for Offering**

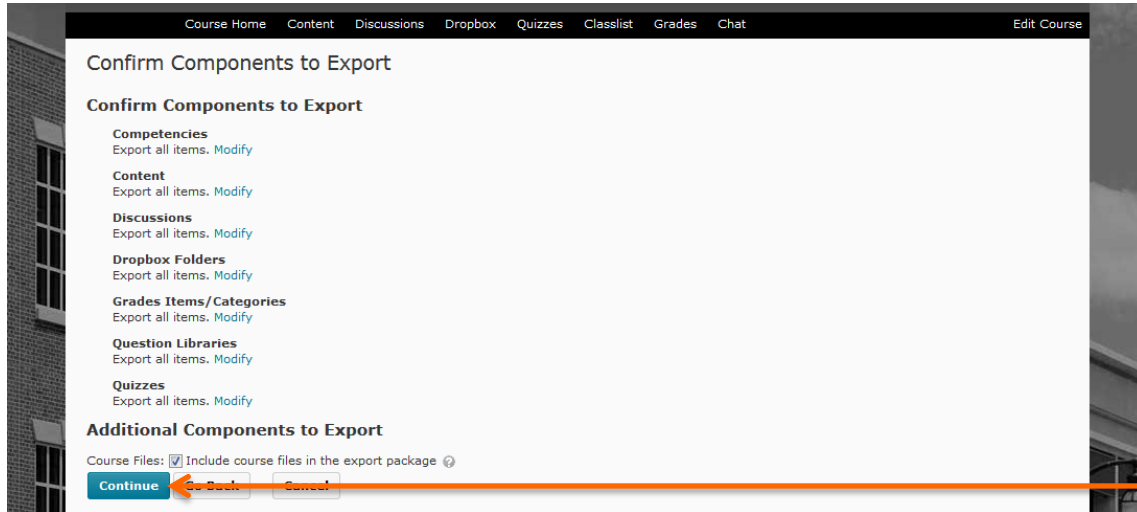

5. Select the **Components to Copy** and then **Continue**.

Select **Components to Copy**

Click **Continue**

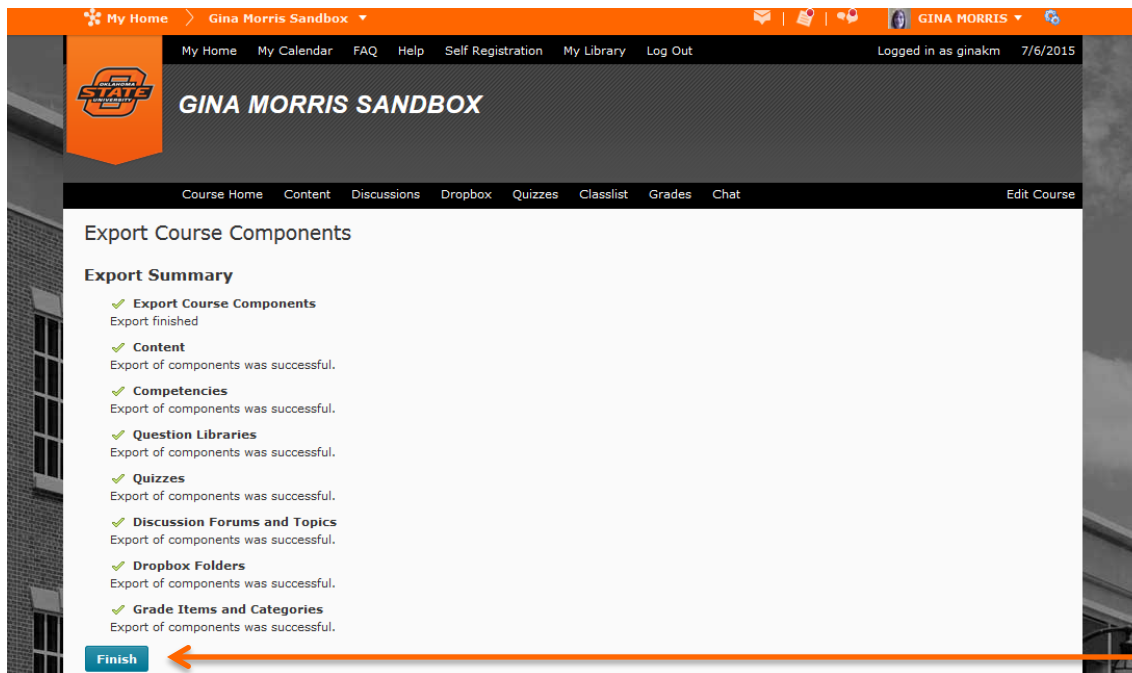

6. A confirmation message will appear. Choose **Continue**.

Click **Continue**

7. At this point you will have to wait a bit as the components are exported. Select **Finish**.

Select **Finish**
