

Embedding Twitter Widgets in Your Homepage (P. 3) in D2L

1. Navigate to the course you intend to edit within D2L.
2. Click **Edit Course**.

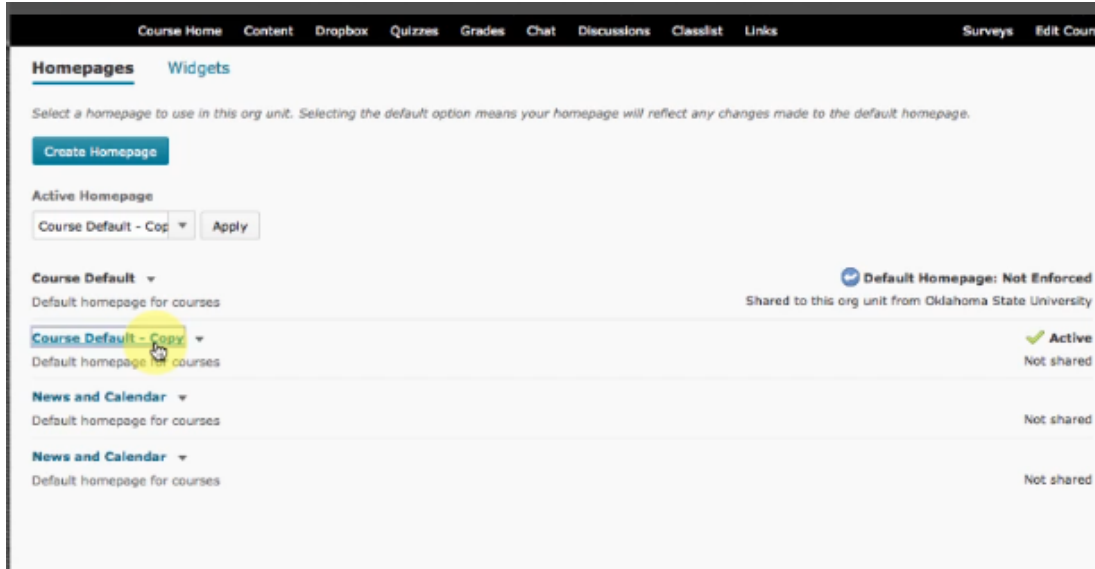

3. Click **Homepages**.

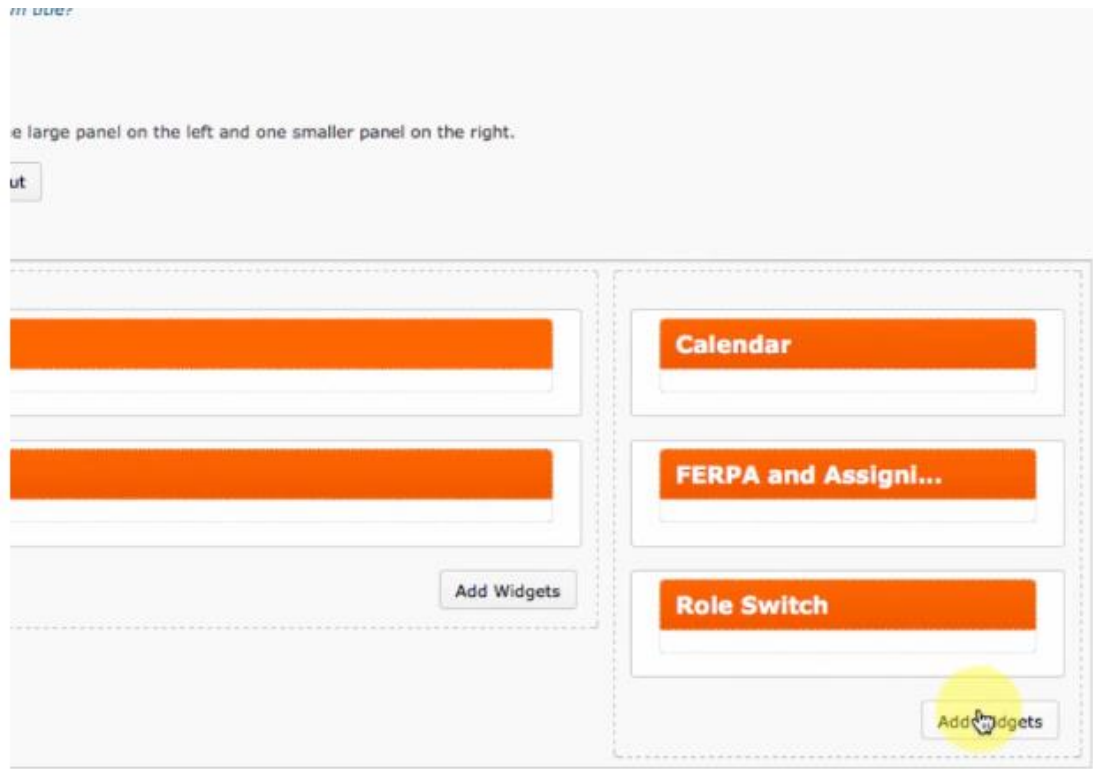

4. Locate your Active Homepage, and click on its name to edit its contents.

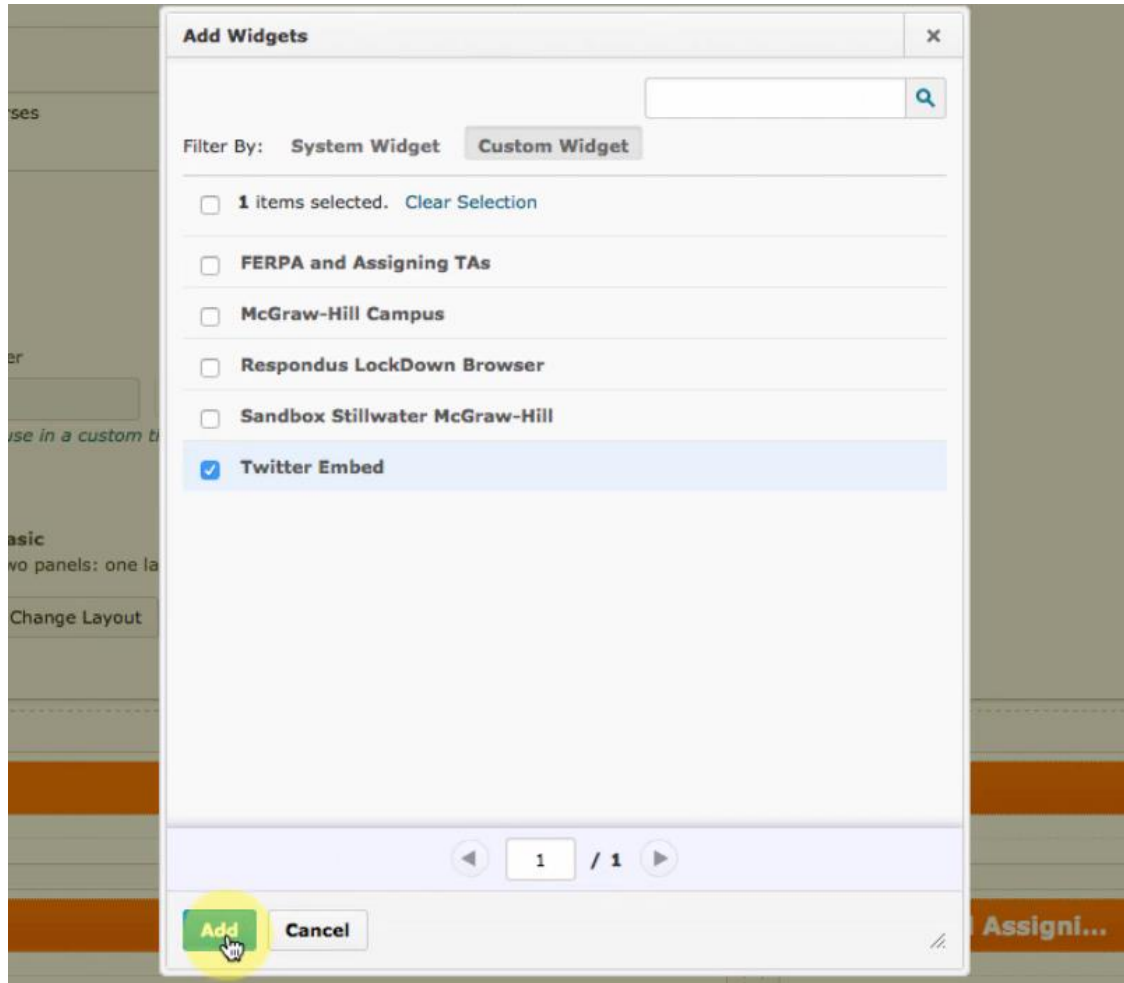

5. Locate a section of your Homepage into which you will insert your Twitter widget. Click **Add widgets**.

6. Choose the widget you created in Part 2 of this video series. Click **Add**.

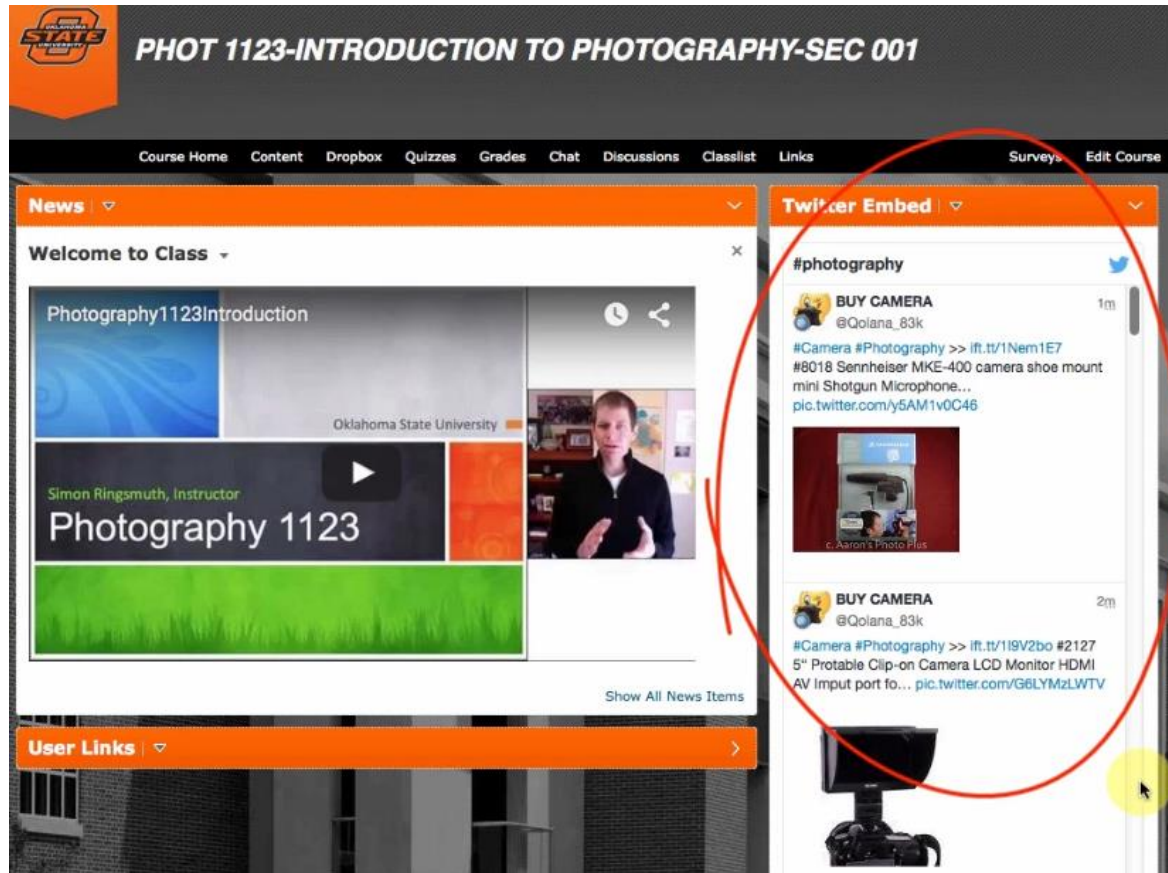

7. Click **Save and Close**.

8. Widget is now embedded into your Course Homepage. Twitter widgets are highly customizable, and can contain various information that would be useful to your class.

You should now know how to edit your Course Homepage to add the Twitter Widget, and how to move the Widget to a different location within your Homepage.
