Running the Presentation

- Plug in the receiver
- Open TurningPoint 8 and sign in to your Turning Account
- Verify the receiver connection and/or connect to ResponseWare
- Select a **participant list** (optional)
- Click **PowerPoint Polling**
- Open the **presentation**
- Click **Reset** and select **Session**
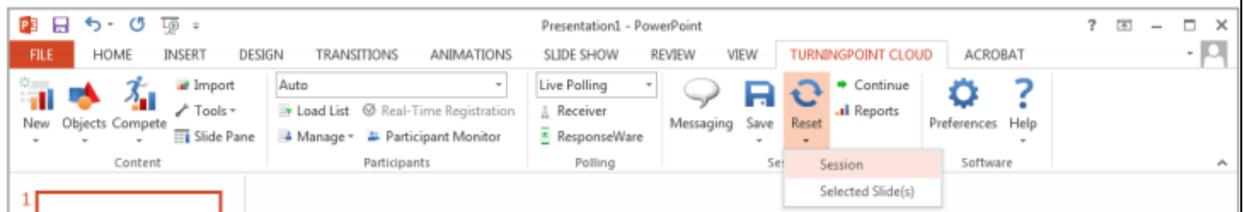

- Start the Slide Show
- Polling will open automatically on a question slide. Advance the slide to close polling and display the results. Continue advancing through the presentation
- When finished running the presentation, click **Save** from the TurningPoint Cloud toolbar and select **Save Session** (if desired)
