Adding a link to Examity in Brightspace

The link for the Examity external proctoring tool can be added as either a Content item or as a link in a News item in Brightspace.

To add as a Content item:

1. Go to Content and select the module to which the link will be added.
2. Click on the Add Existing Activities button and choose External Learning Tools.
3. In the resulting pop-up window, locate and click on Examity from the list of learning tools.
   Note: There is a search option at the top of the window to make locating it easier.
To add to a News item:

1. Create a new News item.
2. Click on the Insert Quicklink button.
3. In the resulting pop-up window, choose External Learning Tools.
4. Locate and click on Examity from the list of learning tools. There is a search option at the top of the window to make locating it easier.
